

Ecolabel licenses

[REMOVE](#) [1]

This indicator is defined as the number of Ecolabel or "EU Flower" licences in European countries. The Community Ecolabel is awarded to products and services with reduced environmental impacts. It is administered by the European Commission and receives the support of all EU Member States and the European Free Trade Association (EFTA). Ecolabel criteria are discussed in the European Union Ecolabelling Board (EUEB) whose membership includes representatives from industry, environmental protection groups, consumer organisations and representatives for SMEs. This indicator provides a number of products with ecological labels, which may indicate progress towards GE.

Cost of accessing data:

- [free of charge](#) [12]

Potential misinterpretation: Are ecolabel licenses increasing faster than the economy in general?

Related Indicator: [Real GDP, Index 1990=100](#) [13]

Potential misinterpretation: Is 'classic' environmentally sensitive behaviour increasing but innovations do not show the same trend?

Related Indicator: [Eco-innovation Index](#) [14]

The NETGREEN project has received funding from the European Union's Seventh Framework Programme for Research, Technological Development and Demonstration under the Grant Agreement no. 603877.
